READEN HOLDING CORP.

NOTE TO CONSOLIDATED STATEMENTS

FOR THE PERIOD ENDED SEPTEMBER 30, 2023

(unaudited)

1. Background

Readen Holding Corp., a Nevada corporation, was originally incorporated in the state of Idaho under the name of "Beacon Light Mining Company" in 1953. In 1997, we created a wholly-owned subsidiary with the same name in the state of Nevada. We then merged into the Nevada subsidiary and became a Nevada corporation. We were reincorporated in Nevada on November 19, 1997, under the name "Beacon Light Mining Company." On February 18, 1998, we changed our name to "Beacon Light Holding Corporation." On August 3, 2001, we changed our name to Wellux International, Inc. and operated under that name until May 5, 2005, when we changed our name to Readen Holding Corp.

The Company is engaged in the business of identifying and acquiring privately held equity holdings in various entities worldwide.

2. Basis of Presentation

The accompanying consolidated financial statements include the accounts of the Company and its subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and in Management's opinion, reflect all adjustments, including normal recurring adjustments, necessary to present fairly the Company's financial position at September 30, 2023, and the results of operations and cash flows for the period ended September 30, 2023. The results of operations for the period ended September 30, 2023 are not necessarily indicative of the results that the Company will have for any subsequent fiscal year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Liquidity and Operations

The Company had net profit of \$363,079 for the period ended June 30, 2023.

As of September 30, 2023, the Company had cash of \$18,113, accounts receivable of \$248,621, inventory of \$61,393 and accounts Payable of \$379,132. At the Company's discretion, they may decide to raise additional capital in the future through equity or debt financing.

4. Summary of Significant Accounting Policies

Cash and Cash Equivalents - The Company considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

Revenue Recognition - The Company recognizes revenue from product sales when persuasive evidence of an arrangement exists, shipment has occurred, the seller's price to the buyer is fixed or determinable and collectability is reasonably assured.

Research and Development Expenses - Research and development expenses are charged to operations in the period incurred.

Selling and Marketing Expenses - Selling and marketing expenses are expensed as incurred.

General and Administrative Expenses - General and administrative expenses are expensed as incurred. These expenses were \$155,403 for the period ended September 30, 2023.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenue and expenses during the reporting period. Significant estimates include the Company's debt discount, and share-based compensation expense. Actual results could differ from these estimates.

Stock-Based Compensation - The Company accounts for stock-based compensation under the provisions of FASB ASC 718 (Statement of Financial Accounting Standards No. 123 (revised 2004), "SHAREBASED PAYMENT"), which requires the Company to measure the stock-based compensation costs of share-based compensation arrangements based on the grant date fair value and generally recognizes the costs in the financial statements over the employee's requisite service period. Stock-based compensation expense for all stock-based compensation awards granted was based on the grant date fair value estimated in accordance with the provisions of FASB ASC 718.

Income Taxes - The Company accounts for its income taxes under the provisions of FASB-ASC-10 "Accounting for Income Taxes." This statement requires the use of the asset and liability method of accounting for deferred income taxes. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax reporting purposes, at the applicable enacted tax rates. The Company provides a valuation allowance against its deferred tax assets when the future realization of the assets is no longer considered to be more likely than not.

Convertible Notes Payable - The Company accounts for any convertible notes payable under the provisions of FASB ASC 470 (Staff Position No. APB 14-1"Accounting for Convertible Debt Instruments that may be Settled in Cash upon Conversion (including partial cash settlement"). FASB ASC 470 clarifies that convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement) are not addressed by FASB ASC 470-20-65-1 (paragraph 12 of APB Opinion No. 14, "Accounting for Convertible Debt Instruments", Debt and Debt Issued with Stock Purchase Warrants"). Additionally, FASB ASC 470 specifies that issuers of such instruments should separately account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods.

5. Balance Sheet Information

Property and equipment - As of September 30, 2023, the Company owned buildings, furniture, plant and equipment with a net value of \$52,931. Property and equipment are stated at cost, net of accumulated depreciation. Expenditures for maintenance and repairs are expensed as incurred; additions, renewals

and betterments are capitalized. Depreciation of property and equipment is provided using the straightline method with estimated lives ranging from 3 to 27.5 years as follows:

Total Property and equipment \$52,391

Intangible Asset of \$761,212

Advances Payable - related parties - During the period ended September 30, 2023, the amount is \$265,553

Interest Payable: during the period ended September 30, 2023 is \$262,791
